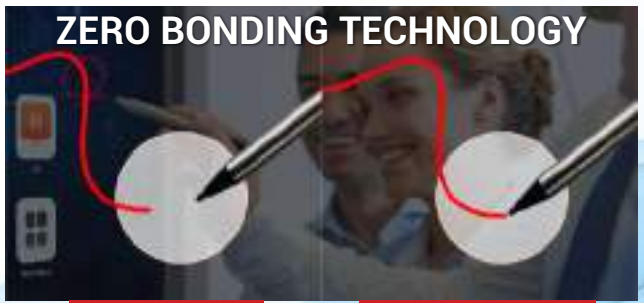
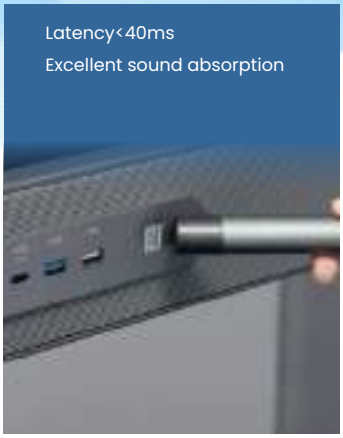
Flicker Free

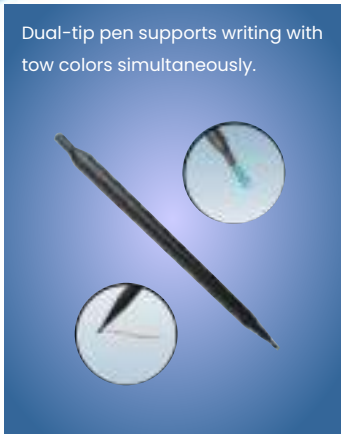
Anti-glare glass



Fluid and Natural Writing Experience

Extra fine nibs and low latency ensure every stroke of your pen feels smooth and natural. The dual-tip pen supports users to write two colors. The 20-point touch enables multi-users to write or draw at the same time using stylus or their fingers.



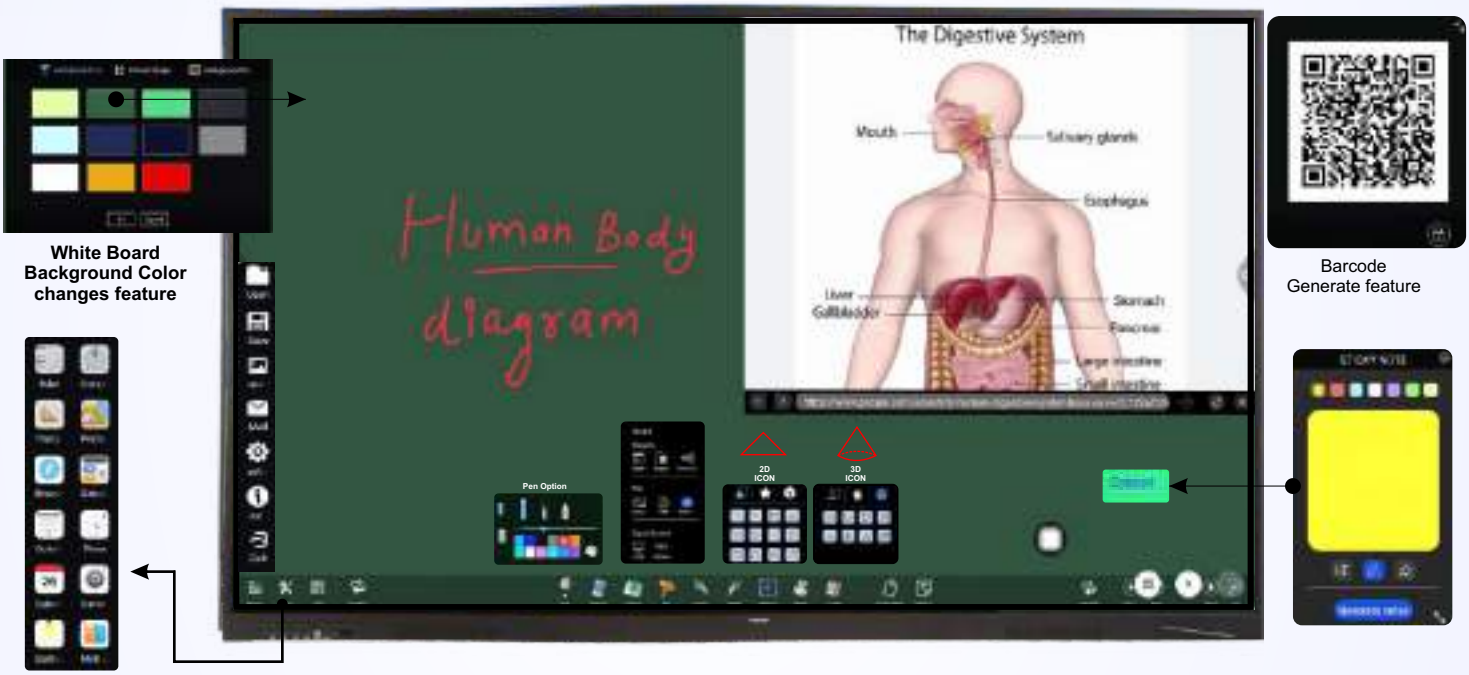


Physical Features

Power	AC 100 ~ 240V / 60-50Hz
Consumption	Max ≤ 300W, Normal ≤ 220W, Standby ≤ 0.5W
Body Material	Silver & Black Aluminium frame, Black metal cover
Color	Black
Temperature	Work: 0°C~50°C, Storage: -20° ~ 60°C
Humidity	Work: 10% to 90%, Storage: 0 to 95% (Non Condensing)
Noise	Work Noise <50dBA
VESA Hole	400 x 200 mm
Weight	Net Weight : 29KG Gross Weight: 38KG
Package DimensionAccessories	Remote controller*1, Power Cord*1, Magnetic pen*1,Touch Cable*1,instructions*1,Wall mount*1
Option	Floor Stand Bracket (TROLLEY)

A More Flexible
TEACHING EXPERIENCE

Teach the way you're used to with, ,in more smarter way. Use smart features like live pictures, live videos, digital tools and smart features such as compass, timer, Shapes 2D and 3D and much more. You can import Microsoft Office and PDF files into your session then save the lesson in a variety of formats..



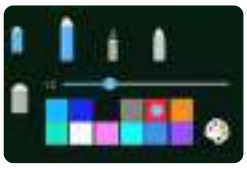
Extend your classroom

Cloud whiteboarding lets students join the session from their seats or even from home. Remote students can use the whiteboard as if they were right on the display.

Boundless space for learning

The scalable whiteboard lets you zoom in on important details, zoom out for the whole picture, and add more pages as needed.

Better pens & highlighters



Choose between pens and highlighters of various sizes in any color possible for flexible writing, drawing, and annotation.

Better erasers

Erase content in three intuitive ways: using your hand as an eraser, striking through objects, or clearing the entire page.

Better text

Add text and URLs to the whiteboard by typing or using the handwriting recognition feature. Quickly share ideas with sticky notes.

SPLIT SCREEN

Split screen allows simultaneous viewing of multiple sources, enhancing multitasking and collaboration during presentations.

Touch Type	Touch Object	Touch Resolution	Touch Accuracy
Infra-red touch, 20 points touch (Android) 20 points (Windows)	All Opaque object, such as finger, pen etc.	32768 x 32768px	1mm

ALL IN ONE SOLUTION

Our latest innovation complements the strengths of our device. Content sharing, device management, and time saving is a priority. For the complete ecosystem, use this device integrated tools; for an efficient interactive experience.

Content Sharing

Google Apps
Download your go-to Google Apps such as Google Sheets, Docs, and Slides! Access to these with touch functionality keeps your workflow consistent with other devices.

Videoconferencing
Easily access your video conference account and start up meetings with your display app, saving time overall.

Education
With so many educational games online to choose from, narrow down your search to the best apps! With touch and grade level diversity, you can't go wrong.

Business
Streamline your online tools on the interactive display for a better work experience. Ranging from news to productivity apps, everything you need is in one place.
